**NOTE:**

- (1) For the purpose of one year computer course eligibility – no two 6 months certifications of the same institution or different institutions will be treated as equivalent to one year qualification in providing admission to SMU DDE Programs.
- (2) All the above certifications should have the basic information like the course title (abbreviations will not be accepted) undergone by the candidate, the duration of the course, the successful completion status (like pass or fail or grade). Any certificate without the basic details as prescribed above is liable to be treated as invalid.
- (3) Certificates on letterheads are not acceptable.
- (4) The candidates are required to present the original certificates, if asked for.
